

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers.

NR indicates statistically unreliable (i.e. Less than 10 students in a subgroup or subgroup not defined at that time);
 >= indicates within 10 students of the actual number (i.e. >=20 indicates there are between 20 and 29 students.)
